

The Word Became Flesh

*God was once an unborn child.
Therefore every unborn child
is in some fashion
united with God.*

*“By his incarnation the Son of God has united himself
with every human being.”*

*Fr. Frank Pavone, Priests for Life,
for his reflections on the Annunciation
Dr. David Prentice
for his human embryo pictures*

The Son of God began His human existence at conception!

The eternal Son of God did not begin His existence as a human being at His birth at Bethlehem.

Single Cell Embryo *The Word became Flesh at the Annunciation, when the Virgin Mary is told that she has been chosen to be the Mother of the Savior and gives her consent. Therefore the Son of God began His human existence as a **single-cell embryo**.*

Scripture says that after the Annunciation, Mary went in haste to visit her cousin Elizabeth, who was six months pregnant with John the Baptist. Experts say it would have taken two to three days for Mary to reach Elizabeth. Therefore, Jesus likely had not yet implanted in Mary's womb when his presence caused John to stir in Elizabeth's womb:

“The moment your greeting sounded in my ears, the baby in my womb leapt for joy.” — Luke 1:44.

Like every human being, this is what Jesus looked like **three days** after conception.

3 Day Embryo

This **5 to 7 day-old embryo** is what each of us looked like when we implanted in our mother's womb.

5-7 Day Embryo

4 weeks

How long is it possible for believers, who meditate on the unborn child who was God, not to see that unborn children are made in God's image?

Is it likely that those who ponder that our Almighty Protector was a baby in the womb will fail to see that babies in the womb merit protection?

6 weeks

Would it happen that Christians, who acknowledge that their Lord and Brother was an embryo and a fetus, will fail to see that every embryo and fetus is a brother and sister in the Lord?

7 weeks
